A Roblox Story by Aidan

★★★★

Leo sat eagerly in front of his computer, a wide smile on his face. It was the first Saturday of the month, which meant a full day of playing Roblox with his friends. They had all decided to explore a new world, a fantastic obstacle course full of magic and mystery. "Ready, guys?" he typed into the chat. "I've got my new gear ready to go!" Leo had just celebrated his eleventh birthday. He felt lucky to have so many friends, and it was incredible to see how popular Roblox gift cards had become. It seemed like these days Robux was one of the most popular birthday gifts among students. He had spent his new Robux on a cool, jet-black cape for his avatar and a pair of speed-enhancing boots. He and his friends often spent hours collectively customizing their characters and planning their adventures. Roblox was more than just a game. It was a place where their imagination came to life. They could build anything they could dream of and tackle challenges together, making their digital celebrations just as exciting as the real ones. He knew they were in for a great day.

LIFESTYLE

Weekend by Aidan

★★★★

Monday, Tuesday, Wednesday, Thursday, Friday, Saturday and Sunday.
These are the days of the week.
Monday to Friday we call “week days.”
Saturday and Sunday are called the “weekend.”
On the weekend we can sleep late and we don’t have school. We can play all day!

Listen

WORDS			
week day	평일	day	일 / 날
weekend	주말	school	학교
sleep	자다	play	놀다
late	늦게	all day	하루 종일

Smart Sports Room by Aidan

★★★★

Do you know about the amazing Smart Sports Room on the third floor of Dongducheon Elementary School? It is a modern kind of indoor sports room that contains many new kinds of games machines and exercise equipment. There are dancing games like in the picture to the right. There are also games where you have to jump to avoid moving beams of light. There is even a real climbing wall with proper grips that you can climb on to improve your grip strength. There is a special wall that you can use to practice throwing balls at targets on. You can even use it to practice archery! The Smart Sports Room is really cool.
